WATER CONSERVATION NOTICE

AFFECTED AREAS: NAALEHU, WAIOHINU TO SOUTH POINT; KA'U, HAWAII

Due to the large demand of water and the ongoing dry weather conditions, the Department of Water Supply is requesting consumers in the affected areas to reduce your daily water usage by 10%. Listed are some ways to conserve water to reach the 10% goal:

- Wash full loads of laundry only.
- Wash full loads of dishes only.
- Serve drinking water only when requested.
- Do not let the faucet run unnecessarily.
- When bathing, use water only to wet and rinse off.
- Do not fill up the bathtub.
- Use a glass to rinse when brushing your teeth.
- Do not flush toilets unnecessarily.
- Stop lawn sprinkling.
- Stop car and boat washing.
- Stop dust control watering.
- Use drinking water wisely.

Agricultural users shall irrigate only at night from 8:00 p.m. to 6:00 a.m. This measure will reduce water loss due to evaporation and minimize water system drain during peak demand.

For more information, please contact Mr. Daryl Ikeda at 961-8790.
