IMPORTANT MESSAGE
WATER CONSERVATION NOTICE REMINDER

AFFECTED AREA: NORTH KONA, HAWAII

Due to the ongoing dry weather conditions, exceptionally large water consumption, and repairs being done at the Queen Liliuokalani Trust Well, the Department of Water Supply would like to remind consumers in the Affected Area that they are under **Water Conservation**. The Water Conservation Notice is a request to reduce your daily water usage by 10%. Listed are some ways to conserve water to reach the 10% goal:

- Wash full loads of laundry only.
- Wash full loads of dishes only.
- Serve drinking water only when requested.
- Do not let the faucet run unnecessarily.
- When bathing, use water only to wet and rinse off.
- Do not fill up the bathtub.
- Use a glass to rinse when brushing your teeth.
- Do not flush toilets unnecessarily.
- Stop lawn sprinkling.
- Stop car and boat washing.
- Stop dust control watering.
- Use drinking water wisely.

Agricultural users shall irrigate only at night from 8:00 p.m. to 6:00 a.m. This measure will reduce water loss due to evaporation and minimize water system drain during peak demand.

If this trend of large consumption continues, the next water conservation action will be mandatory reduction. Please conserve water.

For more information, please contact Mr. Daryl Ikeda at 961-8790.
