WATER RESTRICTION NOTICE
EFFECTIVE IMMEDIATELY

AFFECTED AREAS: Honokaa, Ahualoa, Kalopa, Pohakea, Upper Paauilo, and Kukuihaele

Due to the breakdown of the Haina Well pump, Department of Water Supply customers in the affected areas are under a Water Restriction. The Department of Water Supply will be replenishing the Honokaa Hospital Tank by water tankers and the Waimea-Ahualoa Water Transmission System.

Water Restriction is a call for a 25% reduction in water use. With your full cooperation, residents can be supplied with water during this emergency, which is currently estimated to last two (2) weeks. Listed are some ways to conserve water and reach the 25% goal:

- Wash only full loads of laundry or dishes at a time.
- Check faucets and pipes for leaks.
- Keep a container of drinking water in the refrigerator.
- Do not let water run when you wash, shave, or brush your teeth.
- Reduce showering times.
- Use water-saving devices.
- Use a broom instead of a water hose for cleaning.
- Irrigate at night and with a pail for small jobs.

All agricultural users, keep water usage to a minimum. Irrigate only at night and during non-peak hours, from 8:00 p.m. to 6:00 a.m. Minimize dust control usage. Use water wisely.

For more information, please contact Mr. Daryl Ikeda at 961-8790.

DEPARTMENT OF WATER SUPPLY
COUNTY OF HAWAII

The Department of Water Supply is an Equal Opportunity Provider and Employer.
